

# TORTUGA

Handy battery operated floor scrubber dryer.  
Easy handling and quiet operation together with effective drying of the floor insure safe and easy cleaning even during business opening hours.

Professional Cleaning Equipment

### Suggested Use

Ideally suited for cleaning of shops, offices, gyms, schools, kitchens, hotels, nursing homes, supermarkets and fitness-centers.

### Features

- Suctionbar automatically turns into the direction of work flow
- Swinging suspended brush adapts to any surface
- Uniformly high brush pressure
- Fully battery operated, running time approx ca. 60 - 80 min.
- Pleasant and quiet operation allows cleaning during opening hours
- Very large operating area, about 1,260 m<sup>2</sup> / hr.
- Charge indicator as standard
- Internal, onboard 12V charger
- Maintenance-free „Sonnenschein“ gel battery
- Very compact dimensions thanks to the retractable handlebar
- Removable wastewater tank for easy, hygienic cleaning
- Drain hose for rapid emptying of the waste water tank
- Easy to maintain
- Tool-free brush change
- Excellent suction. The floor is touch dry immediately and is safe to walk on.

The flexibility of the TORTUGA makes it possible to clean even the tightest spaces. Because of the compact design, the TORTUGA can clean under tables and counter tops with absolute ease.

Stable, ergonomically shaped handle bar with built in operating functions which are clearly in view.

Fold able multifunctional handle for ease of transportation and space saving storage.

Removable wastewater tank for easy rinse and cleaning.

Easy to fill, large capacity water tank.

Easy filling of the clean water tank. Clean water can be drained completely.

Large rubber wheels.

Suction bar automatically turns into the direction of workflow.

Drain hose for rapid emptying of the waste water tank.

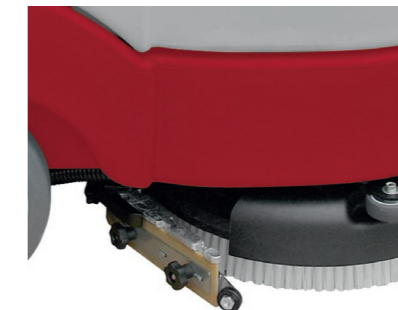

Large 12 litre freshwater tank allowing cleaning of large floor areas.

Swinging suspended brush adapts automatically to any surface.

### Optimal brush position

Thanks to the position of the brush it is possible to clean close to the wall. A lateral mounted rubber roller limits the distance and prevents damage.

### Swivel suctionbar

The swivel squeegee is connected to the handle bar, and therefore, follows the brush direction effortlessly.

### Wastewater drain:

The waste water tank comes equipped with an internal drain hose for emptying. The waste water can be removed for easy rinsing and cleaning.

**SPRINTUS**  
Professionelle Reinigungsgeräte

**Optional:**  
External charger can be used to charge an additional battery.  
Item no. 210.130

**Tool-free battery change:**  
Maintenance-free „Sonnenschein“ gel-battery is connected by a quick coupling and can be changed with a few simple steps to a new, charged battery.

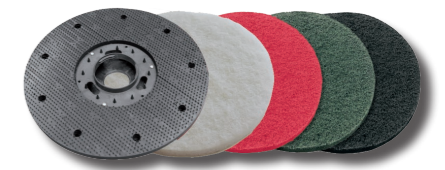

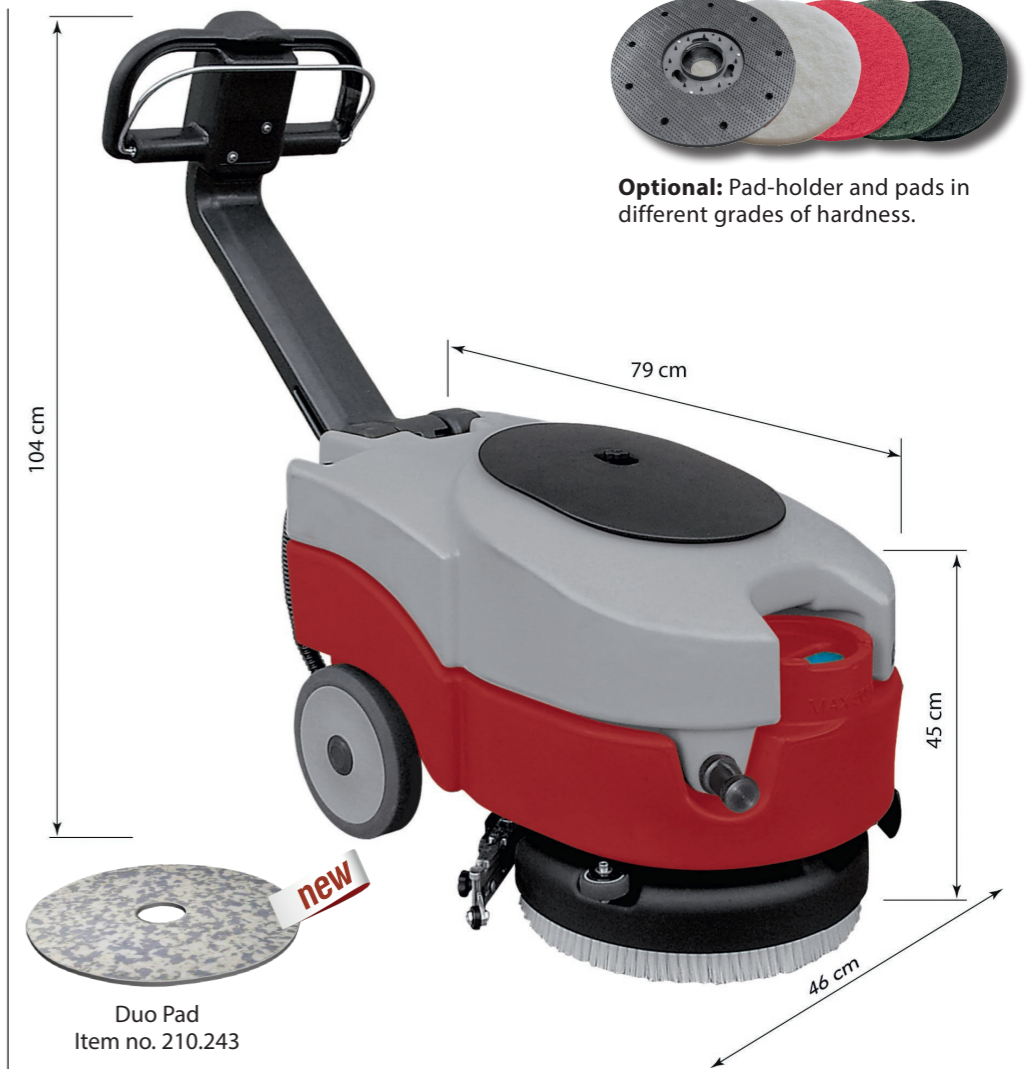

**Charging the battery:**  
Onboard charger with charge status display. Therefore the device can be charged at any available socket.

**Tool-free brush change:**  
The brush is quickly releasable and can be changed within seconds. Hard and soft brushes are available for various floor types.

**TORTUGA K** (deviating from TORTUGA)

TECHNICAL DATA	
Max. suction	85 mbar
Max. power vacuum	400 W
Max. power brush	370 W
Weight	49 kg

**Optional:** Pad-holder and pads in different grades of hardness.

Duo Pad  
Item no. 210.243

**Tip** Horsehair brush  
Item no.: 210.162  
The brush is perfectly suited for fine stoneware or safety tiles.

**Space-saving storage:**  
Foldable multifunctional handle for easy transportation and space-saving storage.  
H x L x W: 69 x 79 x 47 cm.

**12 litre freshwater tank:**  
Easy filling of clean water tank. The clean water can be drained completely.

**Individually adjustable:**  
The water quantity is manually adjustable. Hence the water flow can be preset for varying conditions.

**Multifunction handlebar:**  
All controls and switches are placed on the ergonomically shaped handle. This allows maneuvering of the machine in even the smallest areas.
