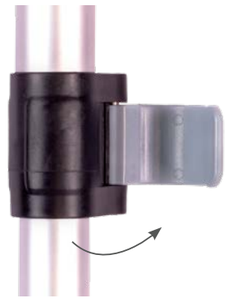
MAGIC CLICK

SPRiNTUS

Magnetic mop holder with patented upright function.

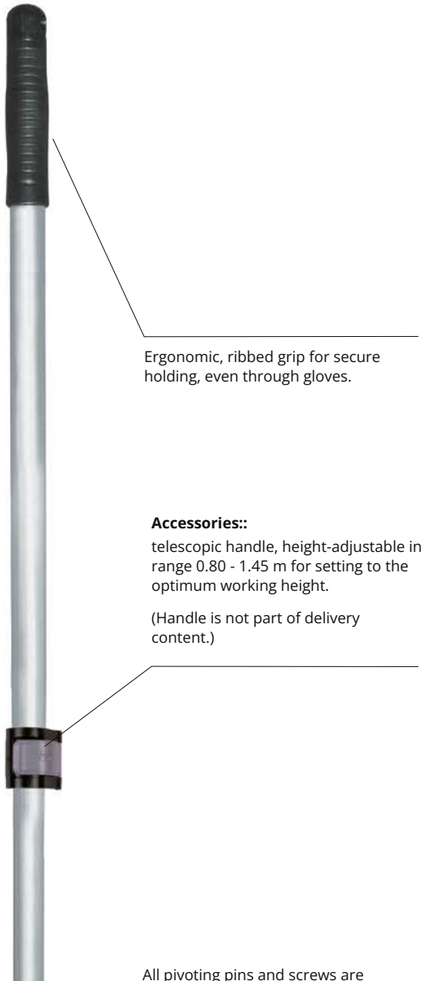
A smart solution with a big impact! Magic Click stands upright anywhere. No need to lean it against a wall.
The robust cardan joint can be pivoted all the way round for the figure 8 mopping technique and can be locked at any time so that the Magic Click can be left standing immediately and in any place. No need to lean it against the wall or an object.
Goodbye to endless bending over to pick up the fallen mop.
With Magic Click, you work effectively, quickly and consistently protect your back.

Magnetic-mop holder (10 pieces/unit)		Item-No.
Magic Click 40 cm		301039
Magic Click 50 cm		301040
Accessories		
Aluminium handle	1,40 m	301018
Telescopic handle Standard	0,80 - 1,45 m	301037
Telescopic handle PRO	0,96 - 1,75 m	301224
Spray handle		301218



Optional telescopic handle with Quick-action locking for simple height adjustment.

Strong magnetic catch with 5 kg closing force and automatic locking. The holder opens asymmetrically, thus facilitating threading into the mop pockets.



Ergonomic, ribbed grip for secure holding, even through gloves.

Accessories::

telescopic handle, height-adjustable in range 0.80 - 1.45 m for setting to the optimum working height.

(Handle is not part of delivery content.)

Shaft and holder are securely fixed with a stainless steel screw.

All pivoting pins and screws are made of stainless steel.

The click-action lock of the reliable self-standing function has been tested in a 10,000 action cycle.

The easy action redary joint enables easy turning in any direction and at any angle.

The snap-action holder can be easily opened with the large 2-stage foot switch.

Optionally in 40 or 50 cm working width.

Excellent production quality and an optimally balanced intrinsic weight guarantee perfect mopping action and strain-free working.
