TORANA

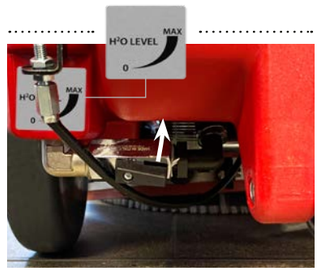
SPRiNTUS

Manoeuvrable and efficient for small areas.

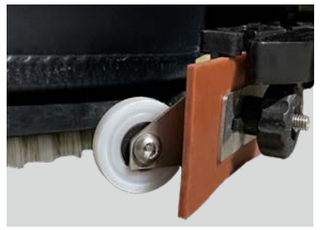
Battery powered 24 V floor scrubber dryer. Easy handling due to compact dimensions. Ideal for small and highly obstructed areas. Thanks to a brilliant vacuum system, places open to the public can also be cleaned during opening hours.

Suitability
For small to medium-sized areas. Area efficiency, approx. 1,260 m2/h. Excellent vacuum system. The floor is fully dried and can be walked on right away. Ideal for office buildings, the retail sector, catering, hotels, schools, nursing homes, showrooms, hospitals and fitness centers.

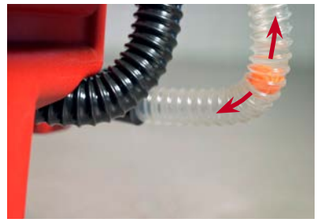
Features
- Beltless direct drive
- Suction bar automatically turns into the direction of workflow
- Swinging suspended brush adapts to any surface
- Evenly high brush pressure - 15 kg
- Battery operation: Battery life, approx. 75 min. under normal operation, and 120 min in ECO mode
- Pleasant, quiet running allows cleaning even during opening hours
- Area efficiency, approx. 1,260 m2/h
- Standard charge level indicator and integrated charger
- Two maintenance-free 33 Ah gel batteries



The water quantity can be adjusted for any floor covering.



Long lasting ball-bearing wheels.



Practical fresh water indicator.

Hygienic and easy-to-clean waste water tank.

Comfortable brush ejection at the push of a button.

The machine can be easily transported via the support wheel.

Rubber guard roller ensures damage-free cleaning performance along edges.

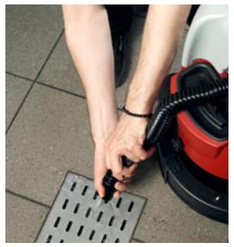
The manoeuvrability of the TORANA makes it possible to use it in the very smallest of spaces. Ideal for highly obstructed areas.

Clearly arranged operation panel.
All operating elements and switches are located on the panel and the ergonomically shaped handle. This ensures handy machine operation even in the smallest of spaces.

① The operating height of the control unit can be ergonomically adjusted.
② Lift/drain the suction bar.
③ Fresh water fill level indicator.

The maintenance-free gel batteries can be removed without tools via quick-connect couplings.

The clean water tank can be fully drained.



The dirty water tank can be emptied via the drain hose.

Easy filling of the 15-litre clean water tank.
