

CAMIRA

Battery operated, 24V scrubber dryer.
Easy handling due to compact size.

The CAMIRA is the latest product highlight of the SPRINTUS scrubber dryers. The machine, which is part of the 30-litre-class, convinces with a compact construction design and agility, which allows for extremely easy and efficient cleaning.

Equipped with two maintenance-free Sonnenschein gelbatteries with 50 Ah each, the running time is about 120 minutes and the machine cleans quickly and effectively medium-sized areas of up to 1600 m². At a low battery level, the connectible ECO mode can be activated and extends the running time of the machine when needed to conclude the cleaning task. The swiveling squeegee ensures an excellent suction power even during change of directions and the standard brush with a working width of 43 cm is perfect for a variety of cleaning tasks. The voluminous waste water tank, which can easily be cleaned due to its accessibility, is equipped with a user-friendly drain hose. The clean water tank can also be drained completely and makes the CAMIRA with its "brushdrop" at the push of a button, a standard on-board charger, and its excellent price-performance-ratio one of the most user-friendly machines in its class.

The CAMIRA is perfectly suited for medium sized areas of up to 1600 m².

Battery runtime of up to 120 minutes.

The standard eco-mode guarantees a longer battery runtime and greater coverage. To start the eco-mode, push the SMART RUN button for two seconds until the display starts to blink.

With the SMART RUN button, you can easily activate all functions. Brush retraction, suction and water supply.

User-friendly, ergonomic operating device with all functions clearly displayed.

Suction and water supply can be turned on and off individually.

On-/off button.

Battery runtime display.

Squeegee swivels automatically into the working direction.

Rubber castors ensure a safe cleaning performance along edges.

Standard waste water drain hose.

① Working height can be adjusted individually.

② Lift and release squeegee.

The extremely narrow construction design guarantees a perfect handling and unique maneuverability.

Clean water can be drained completely and comfortably with the fast closure system.

Water amounts can be adjusted individually to floor type.

Large, easy to clean waste water tank.

Internal charging station with battery runtime display.

Due to the support wheel, the machine can be transported easily.

CAMIRA

TECHNICAL DATA

Voltage (charging unit)	220-240 V / 50 Hz
Operating voltage	24 V / 2 x 50 Ah
Max. suction (water)	65 mbar
Max. power vacuum	400 W
Max. power brush	400 W
Sound pressure level	71 LpA [dB]
Area output	1600 m ² /h
Brush rotation	150 U/min
Brush contact pressure	18 kg
Brush width	43 cm
Working width suction bar	54 cm
Freshwater tank	32 litres
Wastewater tank	35 litres
Weight	95 kg
Dimensions (H x L x W)	77 x 110 x 54 cm

CAMIRA K (deviating from Camira)

TECHNICAL DATA

Max. suction	180 mbar
Max. power vacuum	700 W
Max. power brush	300 W
Weight	66 kg

Power Pad.
Item-no. 201076

Duo Pad.
Item-no. 201077

Optional:
Pad holder and pads in different degrees of hardness.

Tool free exchange of brushes:
The brushes have a fast opening mechanism and can be exchanged within seconds. There are different types of brushes with different degrees of hardness for different types of flooring.
