

MAXIMUS pt

High-performance dry vacuum cleaner with an automated power socket for electric tools.

Suggested Use

The Maximus pt is the ideal companion for any construction craftsmen. With its compact dimensions and low weight, it is perfect for electricians, carpenters or exhibition builders. Wherever a handy, lightweight device is required for fast working. Its enormous suction power guarantees a clean, dust-free workplace on location or in the shop. Any power tool can be plugged into the Maximus pt through the standardized socket & rubber

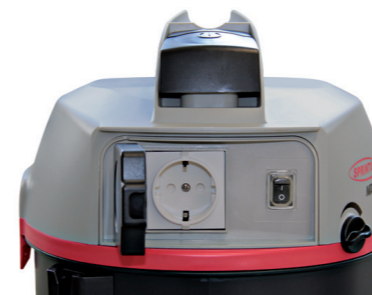

adaptor. The automated socket then activates the vacuum simultaneously with the connected tool. For example when drilling, the vacuum automatically shuts down when the drill is switched off. The included 360 mm floor nozzle ensures performance on a wide range of hard floor and carpeted surfaces. The Maximus pt is universally usable for dry dust and can also be operated without the filter bag.

Features

- Enormous suction power
- Large operating radius with 7.5 m power cord and 2.5 m hose
- redary joint on the vacuum hose for hindrance-free maneuvering
- Built-in output regulator automatically adjusts to the type of surface
- Mess-free waste disposal with the sealable fleece filter bag
- Additional fine dust filtration possible with the EPA12 filter cartridge
- Light weight for convenient, single-handed transport
- Accessories storage on the device
- 220-240 Volt power socket up to 1500 watts with automatic activation
- Large, lockable cable hook

With the multi-tiered power tool adaptor, the vacuum hose can be fitted to any diameter. For example: portable circular saws.

Automated power socket for the use of power tools.

Maximum ergonomics: the vacuum and all its accessories can be transported in one hand.

Large, lockable cable hook, thanks to its swivel joint.

Parking position for accessories on the side of the device.

Four storage slots for accessories on the backside.

Item-no. 111307

Item-no. UK EU

MAXIMUS PT

1 x aluminium tube 2 x 0,5 m, ø 32 mm, suction hose 2,5 m, fleece filter basket, 1x HEPA13 fleece filter bag, crevice nozzle, furniture nozzle, hard floor nozzle 360 mm, power tool adaptor, power cord 7,5 m, black

STANDARD KIT:

Aluminium tube, 0,5 m (1 piece)	106026
Suction hose complete, 2,5 m	106025
Hard floor nozzle 360 mm	111202
Crevice nozzle 230 mm	101023
Furniture nozzle	101024
Power tool adaptor	101025
Fleece filter basket	111125
Power cord 10 m, black	111192 111155

ACCESSORIES:

Fleece filter bags (10 pieces)	106013
Fleece filter bags (250 pieces)	106014
HEPA13 fleece filter bags (10 pieces)	106061
HEPA13 filter cartridge	111132
HEPA14 filter cartridge Tip	111193
Telescopic tube, stainless steel, 0,6-1,0 m	111133
Vacuum hose, 3 m, antistatic	109111
Handle, antistatic with connection sleeve	117148

TECHNICAL DATA

Voltage	220-240 V / 50 Hz
Max. power	700 W
Sound pressure level	61 LpA [dB]
Container material	plastic
Container volume	13 litres (gross)
Filter bag volume	9 litres
Length of power cord	7,5 m
Length of suction hose	2,5 m
Diameter of suction hose	32 mm
Diameter of suction tube	32 mm
Weight	4,9 kg
Dimensions (L x W x H)	29 x 40 x 40,5 cm
