

SPRINTUS

Professional Cleaning Equipment

Available with
**15m
power cord**

or

**36V
Li-ion
power**

BOOSTIX

Backpack vacuum cleaner.

Available with power cord or wireless with a 36 V lithium ion technology.

Ideal for cleaning staircases, public transport vehicles or large halls fitted with seating, e.g. cinemas and theatres. The low weight in combination with a high level of carrying comfort makes long working intervals possible. The fully padded and ergonomic carrying system with standard chest strap may be individually adapted to each user. The well-designed carrying system ensures a pleasant clearance between your back and the backpack vacuum cleaner. The air can circulate, and heat build-up is avoided.

BOOSTIX 36V

High efficiency and extra long motor life due to brushless EC motor.

Two series-connected 18 V batteries guarantee **up to 42 minutes** of running time. The fast charger ensures a battery charging time of just under an hour.

Optional: 7.5 Ah with a battery life of **up to 60 minutes**.
Art. no. 119122

Premium-quality and comfortable carrying system for both BoostiX models.

BACKPACK VACUUM CLEANER

Perfect for narrow entrances, staircases and rooms.

Basic equipment:

BOOSTIX

Power cord, 15 m pluggable.

Pluggable power cord and integrated cable fuse.
