

TORANA

SPRINTUS
Professional Cleaning Equipment

Battery powered 24 V floor scrubber dryer. Easy handling due to compact dimensions. Ideal for small and highly obstructed areas. Thanks to a brilliant aspiration system, places open to the public can also be cleaned during opening hours.

Battery operation: Battery life, 75 min. under normal operation, 120 min. in ECO mode. For small to medium-sized areas. Area efficiency, approx. 1,260 m²/h. Excellent aspiration system. The floor is fully dried and can be walked on right away.

Suitability
Ideal for office buildings, the retail sector, catering, hotels, schools, nursing homes, showrooms, hospitals and fitness centers.

Features

- Beltless direct drive
- Suction bar automatically turns into the direction of workflow
- Swinging suspended brush adapts to any surface
- Evenly high brush pressure - 15 kg
- Battery operation: Battery life, approx. 75 min. under normal operation, and 120 min in ECO mode
- Pleasant, quiet running allows cleaning even during opening hours
- Area efficiency, approx. 1,260 m²/h
- Standard charge level indicator and integrated charger
- Two maintenance-free 33 Ah gel batteries

The water quantity can be adjusted for any floor covering.

Long lasting ball-bearing wheels.

Practical fresh water indicator.

Hygienic and easy-to-clean waste water tank.

Comfortable brush ejection at the push of a button.

The machine can be easily transported via the support wheel.

Rubberised guard roller allows for cleaning that is damage-free and close to floor edges.

The manoeuvrability of the TORANA makes it possible to use it in the very smallest of spaces. Ideal for highly obstructed areas.

FLOOR SCRUBBER DRYERS

Removable, easy-to-clean 16-litre waste water tank.

Easy filling of the fresh water tank.

15-litre clean water tank.

Direct drive.

Large, rubber wheels.

Swinging suspended brush, adapts automatically to any surface and compensates for slightly uneven surfaces.

Suction bar automatically turns into the direction of workflow.

Clearly arranged operation panel.

All operating elements and switches are located on the panel and the ergonomically shaped handle. This ensures handy machine operation even in the smallest of spaces.

The maintenance-free gel batteries can be removed without tools via quick-connect couplings.

The clean water tank can be fully drained.

The dirty water tank can be emptied via the drain hose.

Easy filling of the 15-litre clean water tank.

Scrubbing brushes:

Brushes with different degrees of hardness are available for different surfaces.

Brush soft 15".
Item-no. 210429

Brush medium 15" (Standard).
Item-no. 210427

Brush abrasive 15".
Item-no. 210428

Brush horsehair 15".
Item-no. 210430

Tip
The horsehair brush is ideal for stoneware and safety tiles.

Optional:

Pad holders and pads with different degrees of hardness.

Duo Pad.
Item-no. 210243

TORANA

TECHNICAL DATA	
Voltage (charging unit)	220-240 V / 50 Hz
Operating voltage	24 V / 2 x 33 Ah
Max. suction (water)	83 mbar
Max. power vacuum	270 W
Max. power brush	400 W
Sound pressure level	71 LpA [dB]
Area output	1260 m ² /h
Brush redaction	130 U/min
Brush contact pressure	15 kg
Brush width	36 cm
Working width suction bar	46 cm
Freshwater tank	15 litres
Wastewater tank	16 litres
Weight	46 kg
Dimensions (H x L x W)	98 x 47 x 99 cm

TORANA K (deviating from TORANA)

TECHNICAL DATA	
Max. suction	89 mbar
Max. power vacuum	350 W
Max. power brush	300 W
Weight	57 kg
