

PuriX PRO

Lockable cleaning trolley for versatile use.

SPRINTUS
Professional Cleaning Equipment

The compact, robust PuriX PRO cleaning trolley is particularly impressive with its lockable doors. This makes it suitable not only for cleaning corridors, rooms and bathrooms in public facilities, offices or hotels, but also guarantees maximum safety in the healthcare sector.

The two lockable storage compartments provide sufficient storage space for cleaning agents and other utensils. The optional storage trays ensure order behind the doors. In addition, the PuriX PRO is equipped with a holder for a laundry/waste bag.

The latter rests on a storage tray, which is reinforced by an additional wheel and can be removed if required. The cleaning trolley accommodates four large 5-liter buckets, which feature 4-color coding.

The PuriX PRO is also equipped with two 17 liter buckets and a metal wringer. Sturdy metal swivel casters and large, rubberized rear wheels give the cleaning trolley stability and allow for easy, safe maneuvering around the facility.

Optional accessories:

Storage tray 4-chamber set.
Art.-Nr. 301198

Storage tray 3-chamber set.
